**HISTOPATHOLOGY - MEDIUM SPECIMEN**

**HISTOPATHOLOGY**

Lab No: H- 809/23.

**Specimen:**  
 Endometrial tissue.

**Gross Examination:**  
 Specimen consists of multiple gray brown pieces of tissue measuring 4 cc in volume. Embedded as such in two cassettes.

**Microscopic examination:**  
 Sections show polypoid pieces of endometrial tissue. These reveal simple endometrial hyperplasia.  
 No malignancy is seen.

**Diagnosis:**  
Simple endometrial hyperplasia
