ULTRASONOGRAPHY REPORT

U.S.G. Sr. No.	66	Date	04/09/24	Ward / Cabin No.			
Patient's Name	Abdur Rashid			Age	56 Yrs	Sex	M
Ref. by Dr. / Prof	Prof. Dr. Md. Shohrab Hossain Sourav MBBS, MS (Urology)						
U.S.G of	KUB Region						

Findings:-

Kidneys	:	Both are normal in size, (right kidney is measuring about 9.4X4.6 cm and left kidney is about 9.5X4.5 cm) shape and position with well defined cortex and medulla. No calculus or pelvicalyceal dilation is noted. Cystic lesions seen in both kidneys (in right kidney measuring about 3.1X2.7 cm and in left kidney 3.1X2.1 cm at lower pole).
Ureters	:	Both are not dilated.
Urinary Bladder	:	Well filled and regular in outline. No calculus or soft tissue mass is seen.
Prostate	:	Normal in size, measuring about 4.0X2.9X3.0 cm (TXLXAP), weight is about 19 gm. However enlarged median lobe is indenting the bladder neck. Homogeneous parenchymal echotexture.
MCC	:	About 353 ml.
PVR	:	About 76 ml.

Comments	:	Enlarged median lobe of prostate. Bilateral renal cortical cysts. Significant PVR.
