

: Name : Sompod Age : 25Years  
USG of : Both Testes Date : 07.03.23  
Refd By : Dr.Ahmed Sharif (Uzzal)MBBS(RS)FCGP(Medicin)CCD,MPH Sex : Male

### ====ULTRASONOGRAPHY REPORT====

**Right Testis :** Normal in size. Tissue parenchymal echo texture appears to be normal. No solid or cystic lesion or any abnormalities detected.

**Left Testis :** Swollen in size. Tissue parenchymal echo texture appears to be mildly decreased. Trace collection is seen in its sac.

Left spermatic cord appears to be thick.

**Comment**

: Suggestive of left sided epididymo-orchitis
